

# Basta-Box

## Basta-Box – the delivery specialist

*Enjoy restaurant-fresh food at home. The excellent insulation properties of the Basta-Box help you delight your customers. Meals arrive hot and well protected – even in winter.*

- 
- **Excellent insulation** – keeps pizza and pasta hot from the restaurant to the customer
  - **Perfect hygiene** – sealed surface prevents the penetration of crumbs and liquids
  - **Easy to clean** – surface resistant to strong disinfectants and cleaning solutions. Keeps its shape even at high temperature, e.g. when steam cleaning or in the dishwasher
  - **Always safe** – supports compliance with HACCP standards
- 

# Basta-Box

Whether you run a delivery service or catering business – hot food always tastes better. This is where the *Basta-Box* can help.

## Handling

- *Makes carrying easier* – ergonomically designed recessed grips make secure handling easy
- *Protects your back* – low weight when empty

## Sustainability

- *Reusable instead of disposable* – can be used again and again
- *Recycling instead of rubbish* – fully recyclable

## Individuality

- *Design your own personal box*
- *Who delivered it* – have your logo laser engraved or printed

## Quality

- *Made in Germany*
- *High-quality EPP foam*
- *High quality standards for long-term use*
- *Tested as “very good” by TÜV Rheinland LGA (German Food Law)*

Temperature and integrity are both part of quality.

## Basta-Box

	S
volume	20 l
